EXPANDING SPIRITUAL AWARENESS THROUGH THE SUBTLE BODIES

Approaching the subtle body systems with the idea of maintaining balance as a proactive path to raising our spiritual awareness is a simple way of planting the seeds of kindness and compassion with each of us and within ourselves.

The Human condition, throughout history, has shown us that it is always bound in suffering. Whether it's, physical pain or subtle body disturbances these distractions keep us from relaxing into our being-ness. No matter how spiritually evolved you are it does not necessarily mean you will conquer the distractions that cause suffering. Any small deviation in any of our bodies can throw our balance off and cause disharmony. However, if we can begin by consistently and persistently and proactively seeking balance in our subtle bodies, like Goldilocks and her porridge, we want what is just right to maintain our balance, while potentially smoothing out any possible obstacles to providing a path to higher awareness.

In this talk we'll look at what really being in balanced and healthy means. What the tried and proven tools are that can get us back on track and help us to stay on the path to spiritual harmony and higher awareness with a joyful outlook

3 Hour, Hands-on Workshops

ALAN HANDELSMAN — THE TECHNOLOGY OF THE THREE MINUTE MIRACLE: If you could learn one way to do a miracle in three minutes, why not two, or three, or four ways. Just think. If you learn five different ways to do a miracle during this 3 hour workshop, that would leave 2 hours and 45 minutes for questions and answers. (There might even be time for snacks!) This technology isn't new. And it isn't meant to replace anything you already do. It is meant to give you more options in any healing situation. For yourself or others. Will you be able to do a miracle in only three minutes? It's only a matter of time. **FRIDAY 8/27, 9:00 am.**

JEANNE GEHRINGER — GETTING HEALTHY & STAYING HEALTHY: THE HEALING PROTOCOLS THAT I USE: If we have learned anything in this past year and a half, it's that being healthy and staying healthy are paramount. In this workshop I will teach my protocols on maintaining a healthy self. Also, I will teach the methodology and protocols that I use to manifest healing. We will use the health concerns that the class brings in to apply these protocols. And if we have learned anything else during these times, it's that the positive energy of being together is greater than what we can do apart. Let's look forward to a class of magical outcomes! **FRIDAY 8/27, 1:30 pm.**

SHELLY WILSON — SELF-CARE FOR LIGHTWORKERS AND EMPATHS: Taking responsibility for our own well-being is essential on this spiritual journey, especially for Lightworkers and those that are Empaths and sensitive to energies. We often overlook our own physical health and mental/emotional well-being in order to assist others. Join Intuitive Medium and Reiki Master Shelly Wilson for this interactive and experiential workshop intended to remind us of the importance of self-care and self-love. Our time together will be one of connection, inspiration, empowerment and rejuvenation. **SUNDAY 8/29, 9:00 am.**

DR. ADHI Two OWLS — EMERGING INTO THE NEXT ERA: In this workshop I would like to offer a vision and insight into the next phase of our evolution. I will discuss some of the new innovative protocols and technologies that are being developed as we emerge from this last year. I offer my insights about 5g, the climate, what I learned in the deserts in Southern Arizona and some of the teachings from my teacher on the great awakening and the 1,000 years of peace that is coming. I will offer a drumming meditation and some healing songs. **SUNDAY 8/29, 1:30 pm.**

ZABE BARNES — MULTI-DIMENSIONAL AURA UPGRADES: Explore with Zabe the seven primary portals of consciousness and discover new ways to cleanse, energize, and uplift body, mind, heart, and soul. Learn to embody the magic of Presence Healers—people who heal others through their very presence—as you embody and strengthen your unique soul brilliance in empowering new ways. **MONDAY 8/30. 9:00 am.**

Melinda Iverson Inn — Etheric Body Advanced Course. : Our ability to bridge the subtle body to the physical, lies within our connection to our Etheric field. If we can understand the power of the focused mind and the intention to bring balance to the physical body through this field, then we will have started on a journey of understanding the availability of Source energy that can flow through us as a healing agent.. **MONDAY 8/30. 1:30 pm.**
