Saturday Keynote

**ALAN HANDELSMAN & ANITA HANDELSMAN**

**MUSIC IN THE N.U.D.E.**

**(NEW UNDERSTANDING OF DETRIMENTAL EMOTION)**

This won't be the usual keynote lecture. Being a musician, Alan will use actual keys and play actual notes. Earlier this century, Anita and Alan presented the first version of "Music In The N.U.D.E." Of course, in the 20 years since, they've added a few new wrinkles. There will be some music, some insights, some techniques, some experiences you can take with you, some laughs, maybe a bit of healing, and (sadly), no refreshments.

**Alan Handelsman** - While you may know him as the author of such best-selling books as: 127 Things To Do Every Day To Simplify Your Life, and You Are Perfect The Way You Are: A Guide For Change, and How To Finish Everything You Start, Volume I, you may not know that Alan Handelsman was a professional musician for 30 years. He has been working as a hypnotherapist for over 23 years, has worked with energy for 29, and has been associated with ORI for about 25 years. That doesn't mean he is 107 years old, but that he's been busy. In addition to working with private clients, he has taught in the US, Canada, England, Norway, Switzerland....and New Jersey.

Alan is known for going quickly to the heart of a problem, making the complicated simple, and for his warm, humorous style.

**Special Guest Star, Anita Handelsman** -  Anita received a Bachelor's degree in Music Performance from Arizona State University and a Master's degree in Applied Music from Northwestern University in Evanston, Illinois. She was the saxophone and clarinet instructor at Glendale Community College in Arizona for twenty-five years and maintained a private studio, teaching students of all ages and levels of ability. In retirement, Anita has taken up two types of West African Drumming, and enjoys accompanying her husband, Alan, in stage performances on whatever drums she can procure in the area. A former member of the Arizona Big Band, she has played numerous Broadway shows and has appeared with the Phoenix Symphony, the Symphony of the West Valley, and the Scottsdale Symphony. She has performed for such artists as Doc Severinsen, Ray Charles, Rod Stewart, Yanni, Debbie Reynolds, Rita Moreno, Ray Walston, Lou Rawls and Frank Sinatra Jr.

### **JERRY GIN, PH.D. — CONNECTING THOUGHTS, RADIESTHESIA, SUBTLE ENERGIES, AND YOUR I**

**AM ESSENCE:** You are your thoughts. Subtle energies follow the instructions from your thoughts. Everything around you has subtle energy which you can detect and measure. Your thoughts lead you to your I AM essence. The practices of the class will show you how to detect and measure subtle energies, how subtle energies listen to your thoughts, and how your vibrational energies change as you move to the center of stillness, ie: connect to your I AM essence.

### **CHRIS GOIN-ANDERSON — ENERGY SYSTEMS ANALYSIS & RENEWAL WITH A HEALING**

**PROTOCOL:** In this interactive class students will practice Applied Kinesiology: a body dowsing system that provides undeniable truth. You will learn a dowsing protocol that gets to the core of your health issues. Each attendee will learn an easy Qigong exercise routine that will facilitate your energy body flowing correctly. This helps body functions, as well as things like cognition, memory, and contentment. Qigong exercises are always very easy, and many can even be done from a wheelchair, or while seated. This will be an amazing gift for your body.

We'll talk about how the Power of the Focused Thought can help us navigate through stressful, as well as joyful, situations. Dodie will channel Harold McCoy as he walks us through one of his very successful remote healings. We'll do demonstrations and hopefully have fun while we're learning! In the last part of the class Harold will be open for questions. Some of your loved ones who have passed may be open to conversation as well.

### **ADRIAN KELLER — CHANGING OUR MINDS, CHANGING OUR LIVES:**

We invite ourselves into a Divine Place or workshop, where all possibilities can happen. This place will work with intention and potential in new areas, to resolve and create clarity, healing or playfulness to work through things that in person would be too scary. We will learn resets of the nervous system, and a quick technique for balance and emotion. As time allows we may add Bodytalkplus sessions for our group or individuals. This uses the innate wisdom to access information through muscle testing (kinesiology) with a protocol and our desires.

### **ROBERT TAYLOR — HEALING SHOULD BE FUN:**

Join me for a highly interactive class where we will learn and practice several extremely effective techniques that are easy and fun. I believe that when we do healing while in a state of joy, wonder, and awe, that it gives the healing more energy. I will be teaching several simple to learn techniques that are easy to remember and practice. They are great for our busy lifestyles. Some of them can even be done without anyone knowing that you're working on yourself, which is great for business meetings, family get-togethers, etc.
