

Levels of Human Conscious Evolution - World Views, Motivations, Values, Drives, Memes

Ken Wilber			Gerber	Graves, Beck, Spiral Dynamics	
8. Clear Light	3rd Tier - Super Integral: Newly Emerging (10 yrs) - Very Rare - Transpersonal Unity Radical Suchness - Christ Consciousness. By far the most whole, unified, inclusive consciousness yet to appear in evolution. Electrically radiant with wholeness. Thunderously roaring with radical inclusiveness. Shockingly alive with luminous clarity and all-pervading comprehensiveness. Spirit itself fully embodied in a human organism and fully awakened and self-liberated in its own true nature. The leading edge of evolution itself with the emergence of new truths and new phenomena and new events all together.				
7. Turquoise	2nd Tier - Integral - Newly Emerging (20 yrs) - Truly Inclusive - Consciousness or the Self is no longer identified with just the body or just the mind. Higher level of Self experiences Unity or Integration. Sees the entire world as intimately interwoven, interconnected, unified, joined, one whole and harmonious Being in a continual state of Becoming. Driven by abundance overflowing, as though somebody put a billion dollars in your bank account and all you want to do is share. Finds value in ALL preceding sages. Inclusivity, love, compassion and radical acceptance. Sees wholeness in the human being. 5% of the population and growing fast. Unprecedented stage pointing to an entirely different type of awareness. Promising to change everything, absolutely everything. A society that is truly all inclusive, never before seen in history.	Us	Integral	8. Turquoise	
7. Yellow		Self			
6. Green	Pluralistic - Post Modern - Egalitarian - Many perspectives - Recognizes all the various truths in all the world's numerous cultures. Science is important though only a part of a more Multicultural View which includes ethics, aesthetics, spirituality, linguistics. All Truths taken equally true; what's true for you is true for me, what's true for me is true for you. The Human Potential Movement: Civil rights, environment, hate crime and feminism are taken very seriously. The beginning of self-actualization: Finding higher potentials of knowing, feeling and loving in the Self and bringing them to life.	Us	Mental	6. Green	Communitarian/Egalitarian. Seek peace with the inner self and explore with others, the caring dimensions of community. First appeared in the mid-19th century. Made the scene in the 1960's. Cold rationality of Orange was challenged with Green's emphasis on warmth, sensitivity and caring. A new form of spirituality emerged in response to the dogmatism that often developed in Blue. Desire to share Earth's resources with all and ensure that everyone has equal opportunity to meet basic material needs. Emphasis on inclusiveness, decision-making is done through consensus. Authenticity, openness, harmony, equality and sensitivity are valued. Highest concentration of the Green Meme in the world is in Western Europe, particularly Scandinavia. Only 10% of the world is at Green, about 25% of the United States is Green.
5. Orange	Rational - Science - Achiever Self - Self Expression - Looks to its own individuality and its own autonomy and its own drives. Third person, worldcentric, achiever self. Introspection arises, can look within and survey what they see. Thinks in scientific terms. Understands "If" and "As If" worlds. Dreamers. Thinks hypothetically about what it needs to achieve and accomplish in order to be deemed worthy. Revolts against conventional, conformist realities to follow its own dreams and desires of achievement. The age of Reason and Revolution.	Self	Mental	5. Orange	Achiever/Strategic Meme. Emerging about 400 years ago, this is the meme of science, capitalism and democracy. Individual achievement, objective inquiry and self-reliance are highly valued. Strategic risk-taking, creativity and prosperity are highly desirable. This is the dominant meme in most developed nations, including the United States. Life, liberty and the pursuit of happiness rules the day. Conflicts between the Blue and Orange abound in the United States. The creationism versus evolution debate; abortion and euthanasia issues. Blue sees these as serious moral infractions, but Orange sees the issue to be the right of every individual to have a choice. 30% of the world's population and about 50% of the United States. The most powerful meme in the world today, impacts virtually all people on planet Earth today for better or worse.
4. Amber	Mythic - Literal Beliefs - Rule/Role - Mythic events taken to be concretely true. Identity grows and expands from self to a group, clan, tribe, nation, religion. For the first time can "take the role of another", walk in another's shoes. Ethnocentric in a prejudice sense. The chosen group. Identifies with a group and is totally bound by its beliefs, its values, its ethics, its goal... conformist. 40% of US population. Level of belongingness, desire to fit in, to love and be loved. Peer pressure has an enormous impact. The beginnings of love.	Us	Mythic	4. Blue	Purposeful/Authoritarian. "Life has meaning, direction and purpose with predetermined outcomes." Emerged about 5,000 years ago in response to the anarchy and exploitive nature of the Red Meme. Sacrifice of self to higher cause is highly valued. Absolute principles and rules must be followed. Impulsivity is controlled through guilt. Fundamentalism and patriotism abound. The hymn Onward Christian Soldiers exemplifies this meme as does The Battle Hymn of the Republic. Blue is the most common meme in our world today. Emphasis is on stability and order; sacrifice brings future rewards. Many military conflicts in the world today are between Red and Blue Memes vying for dominance. 35 - 40% of the world's population and about 25% of the U.S. population. Dogmatism
3. Red	Magic moves to Mythic - Emergence of concepts. Intentionality begins to develop. Power driven world. Watch out all the time for somebody taking advantage of you, the world is a dangerous place. Transfer the capacity to do miracles from ourselves to super natural beings. Gods and goddesses and elemental spirits come on the scene for the first time. Desire to convince the super natural beings to do miracles on its behalf. Called "Power Gods" in Spiral Dynamics. Egocentric concern for itself and its power and its safety.	Self	Magic	3. Red	Impulsive/Egocentric. First emergence of the individual ego. Warlords, conquerors, feudal empires arise and power gods dominate religious worship. Be what you are and do what you want." Instant gratification with no remorse is typical. Respect through domination is valued. emerged about 10,000 years ago. Urban gangs, neo-Nazi movements, motorcycle gangs and certain athletic contests. 15 - 20% of the world's population functions in this meme.
2. Magenta	Magic - Emotional - Sexual. Beginning of emotional feeling capacity. First forms of cognition such as images and symbols. Fantasy, magical thinking, very superstitious. Egocentric idea that it can do a miracle on its own, i.e., rain dance. Superstitious, fantasy-driven, impulsive, immediate gratification. Development of instinctual emotions, sex, lust, anger, jealousy. First major human societies - foragers or hunter gatherers began to remake the planet.	Us	Magic	2. Purple	Magical/Animistic. Focuses on safety by keeping the spirits appeased and happy. Keep the spirits happy and the tribe safe. Individual identity is totally subsumed by tribal identification. The world is related to through magic and rituals. Great power is given to tribal leaders and shamans. Ancestors are honored and often worshipped. 5% of the world's population functions in this meme.
1. Infrared	Archaic - Physiological - Sensor motor. Animal instinctual heritage. The major needs and drives of this level are simply physiological needs and drives. Simple things like food, water, shelter, warmth - baseline needs.	Self	Archaic	1. Beige	Instinctive/Survivalistic. Survival through instinctual and habitual behaviors. Do what you must do just to stay alive. Emerged 100,000 years ago, essentially nonexistent today except for isolated instances.
